

Developing a Personal Protection Plan

Developing a personal and home protection plan is a key component of not only preparing for how we should (or might) react if confronted by a violent crime, but also how we might avoid violent crime in the first place. It's about being prepared so that we're less likely to find ourselves in a situation where we have no other option than to use our firearm, rather than more likely. This is not a live fire class.

Time: To be determined (Check training calendar class)

Location: 509 Toms Creek Road, Hopkins, SC 29061

Course objectives:

- Conflict Avoidance
- Situational Awareness
- Not looking like a victim
- Home security
